1 Knowing Your Tablet

Read this chapter to learn about Tablet features, how to use the controls, and more.

1-1 Overview

Accessories

● AC Adapter *1

● Power Plug *1

● Warranty Card *1

● Quick Setup Guide *1

● Mini USB Cable *1

1-2 Buttons

The buttons on the panel make it easy to turn on/off the Tablet and adjust the volume.

Power/Sleep/Force-off Button

In standby mode, it's disable when you touch the screen but you still can listen to the playback music and adjust the volume level.

Turn on	Press it once to turn on the Tablet
Sleep mode	Press it once to enter the standby mode; or press and hold it for about 2 seconds to select Device Options>Sleep.
Silent mode	Press and hold it for 2 seconds to popup the Device Options>Silent mode to turn off the media/music/keyboard tone output
Turn off	Press hold it for 2 seconds to popup the Device Options>Power Off to turn off the Tablet
Force-off	Hold it for about 7 seconds to force off the Tablet.

Reset Button

While there is no response by pressing the Power button for about 4 seconds in halted condition, press the Reset button.

Volume Button

Use the volume buttons to adjust the sound volume of songs and other media

Increase the volume	Press the **Volume +** button. To set a volume, you can also enter Settings>Sound>Volume
Decrease the volume	Press the **Vol-** button.
Mute the sound	Press the **Vol-** button until the sound is completely off.

HOME Button

Tap it once to show the Home Screen and tap and hold it to display the recent running application.

MENU Button

Display the menu of operation .

BACK Button

Return from the previous interface.

1-3 Indicators

Power Indicator

The power indicator is green when the power is turned on.

Battery Indicator

● The Battery indicator is Red when the battery is being charged.

● The Battery indicator is Green when the battery is fully charged.

Wifi Indicator

The Wifi indicator is green when the Wifi is turned on.

1-4 Home Screen

Tap the Home ⌂ button at any time to go to the Home screen, which contains Tablet applications. Tap any application icon to open the application.

Status Icons

The icons in the status bar at the top of the screen give information about Tablet:

Status Icon		Means
	Wi-Fi	The more bars, the stronger the connection. If the connection fails, the icon becomes an exclamation.
	Play	Shows that a song, or audiobook is playing.
	Bluetooth	White icon: Bluetooth is on and a device, such as a headset or keyboard, is connected. Gray icon: Bluetooth is on, but no device is connected. Blue icon: Bluetooth is on and tranferring the files No icon: Bluetooth is turned off.
	Battery	Shows the battery level or charging status.
10:16	System Time	The local system time.
	Notification icon	Tap it to view any information about current running application, e.g Bluetooth file transfer, USB connection and etc.

1-5 Application

The Tablet contains the following applications:

	News	See the red-hot news in the varied catalogue worldwide.
	Weather	View the weather condition around the world.
	Web	Browse websites on the Internet. Add web clips to the Home screen for fast access to favorite websites. Save images from websites to your Photo Ablum.
	Clock	Set the clocks, alarms and timers.
	Contacts	Search, add, change, delete or import contacts from Internet.
	Email	Keep in touch via email from this easy-to-use email client. Tablet works with MobileMe, Microsoft Exchange, and many of the most popular email services—including Yahoo! Mail, Google email, and AOL—as well as most industry-standard POP3 and IMAP email services.
	To-Do	Do the notes everywhere—reminders, grocery lists, good ideas. Send them in email.
	Grocery	Create your list from a master list of grocery items. While shopping, you can search, filter and sort through your list to enjoy your shopping.
	Calendar	Enter events on Tablet. Set alerts to remind you of events, appointments, and deadlines.
	Music	Play the music on the Tablet.
	Photos	View them in vertical or horizontal orientation. Watch a slideshow. Assign images to contacts.
	Videos	Watch the movie or other video files on your Tablet anywhere.
	Caculator	Perform basic calculation.
	Search	Access the fast search.
	ES File explorer	Check the information on Micro-SD card and press MENU button on panel to operate as pop-up indications.
	Settings	Adjust all settings—Wireless & networks, sound, language and more.
	Updates	Update the Tablet system.
	App Center	Use the App Center to add applications to Tablet, Browse, purchase, and download applications specially for Tablet.

Note*: touch and hold an application icon to put away; the application's functionality and availability may vary depending on where you purchased.*

Viewing in horizontal and vertical position

You can view applications in any orientation—horizontal and vertical. Rotate the screen rotates and adjust it automatically to fit the new orientation.

Customizing the Home Screen

1. Touch and hold any application icon.

2. Place the icons by dragging them into one of the portlets(not all apps can be dragged into a portlet).

Flick left or right and go to another Home screen.
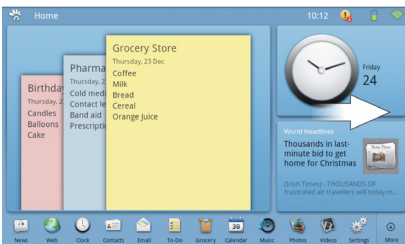

Multi-Touch Screen

The controls on the Multi-Touch screen change dynamically, depending on the task you're performing.
Opening Applications

Open an application: Tap its icon on the Home screen.

Close an application and return to the Home screen: Press the Home ⌂ button.

Delete an application from the Home screen: Touch and hold the application icon then drag it to delete while a "Put away" appears.

Note: Deleting an application from Tablet also deletes the documents and data created by the application.

Scrolling

Drag up or down to scroll. You can also scroll side to side in applications such as News, , Webs and Photos.

You can wait for the scrolling to come to a stop, or touch anywhere on the screen to stop it immediately. Touching the screen to stop scrolling doesn't choose or activate anything on the screen.

To quickly scroll to the top of a list, webpage, or email message, tap the status bar at the top of the screen.

Zooming In or Out

When viewing photos, webpages, you can zoom in and out. Click your fingers together or apart.
1-6 Onscreen Keyboard

The onscreen keyboard appears automatically anytime you need to type. Use the keyboard to enter text, such as contact information, email, and web addresses.

Enter text:

1. Tap a text field, such as in a note or new contact, to popup the keyboard.

2. Tap keys on the keyboard.

Backspace to delete the previous character: Tap ⌫

Type Uppercase	Tap the Shift ⬆ key before tapping a letter.
Type Space	Tap Space key ‒Space‒
Quickly type a period and space	Double-tap the space bar. You can turn this function on or off in Settings >Language&keyboard.
Turn caps lock on	Double-tap the Shift ⬆ key. The Shift key turns blue and all letters you type are uppercase. Tap the Shift key to turn caps lock off. You can turn this function on or off in Settings>Language& keyboard.
Show numbers, punctuation, or symbols	Tap the Number 12&# key. Tap the Symbol key to see additional punctuation and symbols.
Hide the onscreen keyboard	Tap the Keyboard ⌨ key to hide the onscreen keyboard.

1-7 Bluetooth

You can use Tablet with a Bluetooth phone for wireless transmission, or Bluetooth headphones for wireless listening.

Pairing Bluetooth Devices

You must first pair the phone or headphones with Tablet before you can use them.

Note：Turn on your Bluetooth device and make it in range.

Pair a Bluetooth device with Tablet:

1. Follow the instructions that came with the local phone or headphones to make it discoverable.
2. In Settings, choose Wireless&networks> Bluetooth, and turn Bluetooth on.
3. Select the phone or headphones and if prompted, enter the passkey.

See the instructions about the passkey that came with your phone or headphones.

After you pair the Bluetooth device with Tablet, the product name and a Bluetooth icon appears on the screen. In the Settings you may notice the massage "Paired but not connected", status "Paired" is sufficient though for the communication between the tablet and the external Bluetooth device.

**Unpairing a Bluetooth Device from Tablet**

Click the connected device and choose OK to unpair.

1-8 Battery

Tablet has an internal rechargeable battery. The battery should only be replaced by an Authorized Service.

The battery icon in the upper-right corner of the status bar shows the battery level or charging status. Please connect the power adapter to charge the Tablet if it pops up the message shown below:
Replacing the Battery

Rechargeable batteries have a limited number of charge cycles and may need to be replaced in certain time. The Tablet battery isn't replaceable by user; it can be replaced only by Authorized Hannspree Service. Please call 1-888-808-6789 for assistance with this service.

1-9 Using and Cleaning Tablet

Using Tablet

The Tablet is a precision device; any errors during operation may damage the device. It's important to find a comfortable posture when using Tablet and to take frequent breaks. Let a table or case support Tablet during use.

Cleaning

Follow the below steps for cleaning your Tablet and the accessories.

1. Turn off the Tablet. Disconnect your Tablet and all external devices from their electrical outlets.
2. Use the little dust collector to pump the dust from the slot of plug.
3. Moisten a soft, lint-free cloth with water and wipe the surface of the Tablet smoothly. DO NOT seep liquid into the Tablet in order to avoid shorting of circuit and the damage of the Tablet.
4. Turn on the Tablet after drying it.

Other Notes

✧   DO NOT expose the Tablet in hot environment for a long time.
✧   Backup your files or applications.
✧   Update your software when the device shows a message that a new version is available.

2 Getting Started
## 2-1 Connecting the HDMI-equipped Device

Connect one end of the mini-HDMI cable (not supplied) to the mini-HDMI port of the Tablet, the other end to the HDMI port of the device, as shown right:
Before connecting, switch the external display (TV) to be HDMI mode.

## 2-2 Inserting Micro SD Card

The Tablet is designed with Micro SD Card slot which allows you to insert the Micro SD card as shown right:
Note: The card only can be inserted in one orientation and force to insert the card may result in the damage.

2-3 Connecting to PC

The unit is designed with a mini-USB port which allows you to connect the Tablet to a PC. See the figure below for details:
Click and drag the USB icon 🔋 on the status bar and select "USB Connected". Select "Activate USB transfer", and then you can transfer the files between your Tablet and computer.

2-4 Connecting to Internet

Wi-Fi settings let you turn on Wi-Fi and join Wi-Fi networks.

Turn on Wi-Fi: Choose Settings > Wi-Fi and turn Wi-Fi on.

Wi-Fi Settings: Wait a moment as Tablet detects networks in range, then select an available network.Some networks may require a password, which you should enter according to the prompted information on screen.

When Tablet has a Wi-Fi connection, the Wi-Fi icon in the status bar at the top of the screen shows the connection strength.

2-5 Setting Up Email Account

1. Tap "Email" then tap Add Account and enter your account details.

2. The Tablet supports the following an account types:

    --Microsoft Exchange

    --Gmail

    --Other IMAP or POP3 servers

3. After entering your account information and tap Save.

2-6 Viewing the User Guide on Tablet

For up to date Tablet User Guide, you can check the Hannspree Website.

3 Doing More
3-1 Web

To use Web, the Tablet must have an Internet connection.

Viewing Webpages
You can view webpage in horizontal or vertical position. Rotate Tablet and the webpage rotates automatically to fit the screen.

Opening Webpages

Tap the address field (in the title bar) to popup the onscreen keyboard, type the web address then tap Go.

Erase the text in the address field: Tap the address field, then tap ⊗ .

Zooming and Scrolling
Use one finger to scroll the webpage and two fingers to zoom in or out. See page 10 and 11 for details.

Navigating Webpages

Links on webpages typically take you to another place on the web.

Follow a link on a webpage: Tap the link.

|	
Stop a webpage from loading	Tap [icon]
Refresh a webpage	Tap [icon]
Return to the previous or next page	Tap [icon] or [icon] at the top of the screen.
Bookmark a page	Tap [icon] to add the page as a Bookmark and tap [icon] to remove.
Check the Bookmark history	Tap [icon]
Go to the Home webpage	Tap [icon]
View multiple pages	Tap [icon] to open or remove another webpage
Browser settings	Tap [icon]

## 3-2 News

News lets you view all the newest information worldwide easily and quickly.
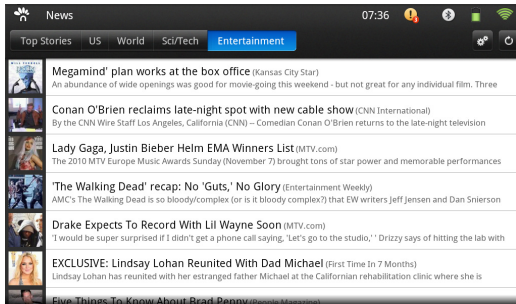

Tap [icon] to setup your personal preferences.

Categories: customize the categories that appear at the top of News headline.

Home portlets: customize which categories of News appear in large and small portlets.

Advanced: setup how often the news headlines updated.

3-3 Weather

You can view the newest weather condition by day, hour, or week.

Note: The weather condition can be updated only if the network is available.

Tap the box on the left-top corner of the menu to select the desired location in the world; or add a new location to check its recent weather. (you can also tap the icon [icon] in the window).

Tap "Add a new location" and enter the city name to search.

3-4 Email

Use Mail to read your email messages, and compose new messages using the onscreen keyboard.

### 3-4-1 Sending Email

Compose and send a message:

1. Tap Compose at the top of the screen.

2. Type a name or email address in the To field.

3. Enter a subject, then your message.

4.Tap Cc/Bcc if you want to copy or blind copy the message to others and enter the email address.

5. Tap Send.

Send an attachment in an email message	Tap 📎 then select the attachment.
Save a draft of a message to complete later	Tap Save draft to save the message in Drafts mailbox.
Reply to a message	Open a message and tap Reply to reply.
Forward a message	Open a message and tap Forward. When you forward a message, you can include the files or the attachments of the original message.

3-4-2 Deleting an Email account

Tap ⚙ to enter the Email settings on Email menu and tap ⚙ at the right top of a account to select Delete account.

3-5 Photos

You can import the photos from a digital camera or phone, or save from email or the web.

You also can use Tablet as a photo frame that displays the vivid slideshow of your photos.

It support images in png., jpeg., bmp.and gif. formats.

View a photo: Tap the selected photo.

See the next or previous photo: Flick left or right.

Rotate the photo: tap [icon] at the right-top corner of the screen.

Send a photo: tap [icon] to send the current playback photo.

Delete a photo: tap [icon]. You can delete photos from the Saved Photos album, which contains ones you save from the Email or the web.

Show suggestions: tap to use suggested words or not.

Auto-complete: tap to type a space, punctuation mark, or highlighted word.

✧ Battery use

Check for the detailed use of the battery.

✧ About tablet

The detailed information about the Tablet.

5 Appendix

5-1 Troubleshooting

Q1：How to turn off the Tablet when the halted system occurs?

A：Press the POWER button and hold for about 7seconds to turn off the Tablet.

Q2：How to check the Tablet if the Tablet cannot be turned on?

A：
1. If the power is low, connect to the electric outlets.
2. Press and hold the POWER/ Force-off button for a few seconds until the Hannspree logo appears.
3. Make sure the indicator of the adapter turns on and the adapter works well.

Q3: No sound in Music and Video playback

A：
1. Make sure the speaker isn't covered
2. Make sure the volume isn't turned down all the way.
3. Music on the Tablet might be paused. If you're using a headset with a play button, try to tap the play button to resume playback.

Q4: No image on the external connecting device

A:
1. Make sure the video cable is firmly connected.
2. Check that the input source is in HDMI mode for the external device.

Q5：How to recover the factory status?

A：Click **"Settings">"Security">"Factory data reset"** to recover the system to the default status in Main Menu.

Q6：How to prolong the usage time of the Battery?

A：
1. Adjust the brightness of the LCD Screen to proper level in "Brightness".
2. Turn down the volume.
3. Set the time amount to proper level in "Screen timeout".
4. Turn off WiFi and Bluetooth connection while they are not used for long time.
5. Enter the Sleep mode by pressing Power button for about 2 seconds.
