Charge the battery between 3-5 hours. Do not charge for more than 8 hours.

Micro SD card

The player supports Micro SD cards (not included), which allow you to add up to 8GB additional memory to the MP3 Player.
To insert the Micro SD card:
1. Insert the Micro SD card into the card slot with the metal contacts facing up towards the front of the player and gently push it in until it clicks. Do not apply excessive force, as this may damage the player and Micro SD card.
